## DEVELOPER

☎ +4673 - 717 44 99 | ✉ CHRISTIAN.KANGAJI@LIVE.SE | 🌐 WWW.CHRISKANGAJI.DEV

## BACKGROUND

I am a Full-Stack Developer from Stockholm who loves solving technical problems with creative and efficient solutions. With years of experience working on both frontend and backend technologies, I have contributed to projects ranging from small applications to large-scale systems.

I thrive in team environments, but I am equally comfortable working independently, taking ownership of tasks, and driving projects forward. With a degree in Computer Science, I am committed to continuous learning and staying up to date with the latest industry trends to improve my skills and expand my knowledge.

## EDUCATION

### COMPUTER ENGINEERING: SOFTWARE DEVELOPMENT AND MOBILE PLATFORMS

Bachelor's Degree, Jönköping's School of Engineering  
Jönköping, Sweden  
2014 – 2018

### NATURAL SCIENCE PROGRAM

High School Education, Bromma Gymnasium  
Stockholm, Sweden  
2009 – 2012

## EMPLOYMENT

### SOS ALARM SWEDEN AB

Software Developer  
Stockholm, Sweden  
2025 – *Current*

### FELLOWMIND SWEDEN AB (PREV. ENDEAVOR AB)

Software Developer Consultant  
Stockholm, Sweden  
2018 – 2025

### SCIENCE PARK AB

Software Developer Consultant Intern  
Jönköping, Sweden  
2017 – 2017

## TECHNICAL AND GENERAL SKILLS

*Intermediate*
- **React.js**  
*Intermediate*
- **Liquid**  
*Intermediate*
- **CSS**  
*Intermediate*
- **RESTful APIs**  
*Intermediate*
- **Microsoft Azure**  
*Intermediate*
- **Microsoft Dynamics 365**  
*Advanced*
- **Microsoft Power Platform**  
*Advanced*
- **Microsoft Power Automate**  
*Intermediate*
- **English**  
*Fluent both written and spoken*
- **C#**  
*Advanced*
- **Java**  
*Basic*
- **Python**  
*Basic*
- **Firebase**  
*Intermediate*
- **.NET Core**  
*Advanced*
- **.NET Framework**  
*Advanced*
- **Azure DevOps Services**  
*Intermediate*
- **SQL Server Integration Services**  
*Intermediate*
- **SQL Server Reporting Services**  
*Basic*
- **Microsoft SQL Server**  
*Intermediate*

## CUSTOMERS

### SEMLER GRUPPEN

SOFTWARE DEVELOPER, INTEGRATION DEVELOPER AND APPLICATION CONSULTANT

Stockholm, 2024 – 2025

At Semler Group, I worked as a Software Developer, Integration Developer, and Application Consultant, in projects involving Microsoft Dynamics CRM and system integrations.

My role involved the development and configuration of Dynamics CRM, tailoring the system to meet specific business requirements and optimize workflows. I was also responsible for creating PCF (PowerApps Component Framework) components using ReactJS, providing dynamic and reusable UI components that improved user experience within the Dynamics CRM environment.

Additionally, I worked with Web APIs in .NET with Dynamics CRM, facilitating smooth data exchange between systems and enhancing functionality. This allowed seamless interaction between external systems and the CRM platform, ensuring efficiency and reliability in business processes. Throughout my time at Semler Group, I worked collaboratively with cross-functional teams to deliver integrated solutions and ensure the successful deployment of complex business applications.

## **SECTRA AB**

SOFTWARE DEVELOPER, INTEGRATION DEVELOPER AND APPLICATION CONSULTANT

Stockholm, 2018 – 2025

At Sectra AB, I worked as a Software Developer, Integration Developer, and Application Consultant, where I played a pivotal role in implementing and enhancing Microsoft Dynamics CRM and Dynamics 365 Portal solutions for Customer Engagement.

I was responsible for the implementation of Dynamics CRM, tailoring the platform to meet customer engagement needs and optimizing processes for both internal teams and end-users. Additionally, I contributed to the development of the Dynamics 365 Portal, creating a seamless and intuitive platform for customers to engage with Sectra's services and information.

My work focused on ensuring that the Dynamics CRM and portal were effectively integrated into the overall IT ecosystem, providing a robust solution that enhanced user interaction and business functionality.

## **SKÅNETRAFIKEN**

SOFTWARE DEVELOPER, INTEGRATION DEVELOPER AND APPLICATION CONSULTANT

Stockholm, 2018 – 2024

During my time at Skånetrafiken, I worked and contributed to various projects involving Microsoft Dynamics CRM and system integrations.

My responsibilities included the development and configuration of Dynamics CRM to meet business requirements and improve operational efficiency. I played a key role in the integration of Web APIs using .NET with Dynamics CRM, enabling seamless data exchange and enhanced system functionalities.

In addition, I was part of a crucial upgrade project, successfully transitioning the system from Dynamics 2016 v.8 On-Prem to Dynamics 365 v.9 On-Prem, ensuring a smooth migration and the implementation of new features to improve performance and user experience.

I collaborated closely with cross-functional teams to deliver robust solutions while ensuring seamless integration and optimal functionality across different platforms.

## **GLOBALCONNECT AB (PREV. IP-ONLY AB)**

SOFTWARE DEVELOPER AND APPLICATION CONSULTANT

Stockholm, 2018 – 2024

At GlobalConnect AB, I worked as a Software Developer and Application Consultant, focusing on the implementation of Dynamics CRM On-Prem to support Sales Processing.

My responsibilities included configuring and customizing Dynamics CRM to streamline sales workflows, ensuring the system met business requirements for efficient customer and sales management. Additionally, I developed and maintained SSRS (SQL Server Reporting Services) reports, providing visualization of agreements for operational efficiency.

Throughout the project, I collaborated with key stakeholders to deliver a well-integrated CRM solution.

## **KAROLINSKA INSTITUTE**

SOFTWARE DEVELOPER

Stockholm, 2020 – 2022

At Karolinska Institute, I worked as a Software Developer, contributing to the implementation of Dynamics CRM for Customer Engagement and the development of the Dynamics 365 Portal.

My role involved configuring and customizing Dynamics CRM to enhance the customer engagement processes, ensuring an efficient and user-friendly experience for both internal users and external stakeholders. Additionally, I was responsible for the development of the Dynamics 365 Portal, enabling seamless interaction between customers and the organization through a well-integrated and intuitive web interface.

By leveraging my expertise in Dynamics 365, I helped streamline workflows and improve digital engagement.

## **ENERTECH AB**

SOFTWARE DEVELOPER AND APPLICATION CONSULTANT

Stockholm, 2018 – 2020

At Enertech AB, I worked as a Software Developer and Application Consultant, focusing on the implementation and configuration of Dynamics CRM for Sales to optimize customer relationship management and the sales processes.

My role involved customizing Dynamics CRM to align with business needs, ensuring a streamlined and efficient sales workflow. Additionally, I implemented Power Automate to automate key processes, improving productivity and reducing manual tasks.

Through these solutions, I helped enhance system efficiency and user experience, enabling a more effective sales operation.

## **NIBE AB**

SOFTWARE DEVELOPER AND APPLICATION CONSULTANT

Stockholm, 2018 – 2020

At Nibe AB, I worked as a Software Developer and Application Consultant, focusing on the implementation of Dynamics CRM for Customer Engagement and the development of the Dynamics 365 Portal.

My role involved configuring and customizing Dynamics CRM to enhance the customer engagement processes, ensuring an efficient and user-friendly experience for both internal teams and customers. Additionally, I configured and developed the Dynamics 365 Portal, improving customer interactions, self-service capabilities, and accessibility to relevant services and information.

By leveraging my expertise in Dynamics 365 and portal development, I contributed to streamlining workflows, improving customer experience, and ensuring a well-integrated CRM solution.

## **GUNNEBO AB**

SOFTWARE DEVELOPER AND APPLICATION CONSULTANT

Stockholm, 2019

At Gunnebo AB, I worked as a Software Developer and Application Consultant, focusing on the implementation and configuration of Dynamics CRM for Customer Engagement.

My role involved customizing and optimizing Dynamics CRM to enhance the customer relationship management processes, ensuring a seamless and efficient experience for both internal users and customers. I helped tailor the system to meet business needs, improving workflow automation and data management.

## **ELFA AB**

SOFTWARE DEVELOPER

Stockholm, 2018 – 2019

At Elfa AB, I worked as a Software Developer, focusing on the implementation and configuration of Dynamics CRM for Customer Engagement.

My role involved customizing and optimizing Dynamics CRM to enhance the customer relationship management processes, ensuring a seamless and efficient experience for both internal users and customers. I helped tailor the system to meet business needs, improving workflow automation and data management.

## **FASTIGHETS AB BALDER**

SOFTWARE DEVELOPER

Stockholm, 2018 – 2019

At Fastighets AB Balder, I worked as a Software Developer, focusing on the implementation of Dynamics CRM for Customer Engagement.

My role involved configuring and customizing Dynamics CRM to enhance the customer relationship management, ensuring efficient workflows and an optimized user experience. Additionally, I implemented Power Automate to streamline business processes, automate tasks, and improve overall efficiency.

I contributed to creating a more seamless and effective customer engagement platform, improving internal processes and customer interactions.
